Encl.: (1) Claims Statement

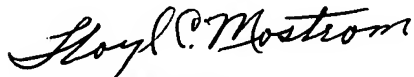

Dear Mr. Amari :

In response to reference (a) and in accordance with reference (b), as understood, enclosure (1) is forwarded to correct and complete reference (c).

If any questions remain, I will appreciate the opportunity to provide any further information or make any further corrections required.

The opportunity to make these corrections is very much appreciated. Thank you.

Respectfully,

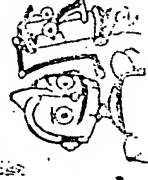

Lloyd C. Mostrom

CLAIMS FOR PANORAMA SIDE VIEW MIRROR

1. (Withdrawn) Will increase safety in automobile traffic by giving the drivers a better view of any traffic in the present side view mirror " blind areas" of the basic vehicle.
2. (withdrawn) Will ease the tension of the drivers by giving him/her a quick view of any vehicles coming up beside his/her vehicle
- 3., (withdrawn) Relieve the driver of the need to divert his/her attention from the front to the side to determine of if any vehicle is beside him/her in the blind spot of current mirrors
- 4, (currently amended) The panorama multi-faceted set of side view flat mirrors will provide a superior clear image view of ~~an~~ any object approaching or present in the entire side/rear sector beside the car on which installed superior to the image reflected in any currently installed flat or curved (convex or concave) mirrors so located.
5. (currently amended) The driver of a car equipt with a set of panorama multi-faceted side view flat mirrors can retain a peripheral view to the front of the car to ~~note~~ watch for any traffic changes present or approaching object there while getting a clear mirror image view of the side/rear sector beside the car ~~of to~~ note the presence of any vehicle or other obstruction object present or approaching in the side/rear sector beside vehicle.
